## TESTIMONIAL

At Blue Hills Thoroughbred Farm, Joe and Jenny Sommerfield offer a combination of horse sense, knowledge, thoroughness and great communication with clients which makes you feel that your livestock are being expertly managed.

In the 5 years that Gleeson Thoroughbred Connections has been involved with the Sommerfields we have grown our business into a larger and more professional operation.

Joe and Jen tell it how it is and for that we are grateful. We have no hesitation in recommending them as specialists in their chosen field of thoroughbred equine management.
